

****Please charge your Chromebook for at least 5 minutes****

How to Connect to Wi-Fi

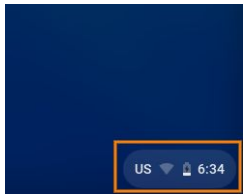

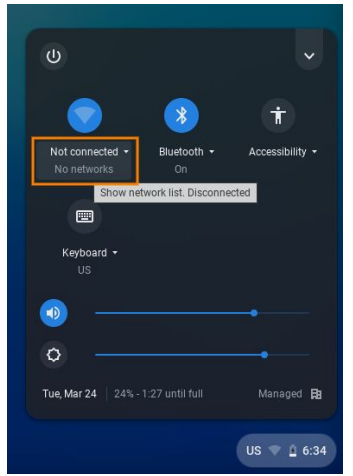

If you see the following image:

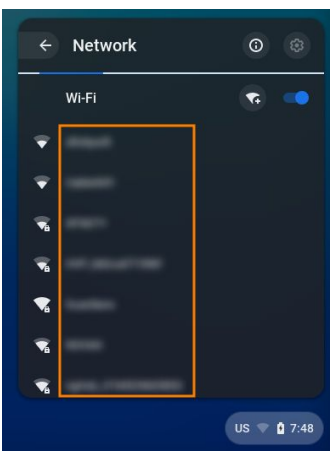

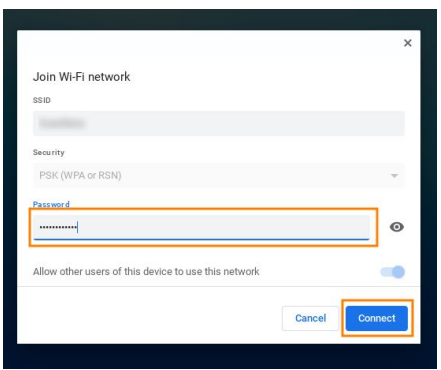

Then simply choose your home Wi-Fi name, enter the password then click Connect.

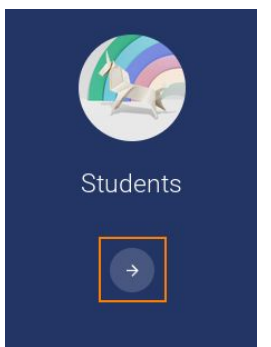

Continue on back...

If not then follow these steps:

<p>1. Click the system tray at the lower-right corner.</p>		<p>2. Click "Not connected/No networks". (Clicking the round Wi-Fi icon will toggle Wi-Fi on and off)</p>	
---	---	--	---

<p>3. Choose your home or local Wi-Fi network. (It may take up to 1 minute for the list to populate)</p>		<p>4. Type the password then click Connect.</p>	
---	--	--	--

<p>5. The Wi-Fi icon in the system tray should indicate signal strength when connected successfully.</p>		<p>6. To login as a guest, click the arrow below "Students".</p>	
---	---	---	---

For technical support with connecting to your Wi-Fi network, please contact our Help Desk at **(209) 888-1049, Mon-Fri 8am-12pm and 1pm-4pm.**
