The following are San Joaquin County SELPA agencies:

Escalon Unified School District
Jefferson Elementary School District

DESCRIPTION OF GOVERNANCE STRUCTURE

[56195.1(c)(1-2), 56205 (a)(12)(A), 56205(a)(12)(D)(ii)]

The San Joaquin County Special Education Local Plan Area (SJC SELPA) has been designated by the California State Board of Education as a SELPA, having met the size and scope requirements delineated by the area State Board. When the SJC SELPA was first established, the governance option selected was that of a multi-district SELPA with the county office serving as the Administrative Unit (AU), and the San Joaquin County Superintendent of Schools as the

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

Superintendent of the AU. Any changes to this governance option must follow the procedures as stated in the Local Plan. In developing and approving a local plan, districts agree to cooperate with the county office to assure that the plan is compatible with the other local plans in the county. The county office shall review any local plans developed according to EC 56195.3(d). In adopting the completed Local Plan, each LEA agrees to carry out the duties and responsibilities assigned to each agency within the Plan, or which may be delegated at a later date through agreement of the participating agencies.

The executive structure of the San Joaquin County Special Education Local Plan Area (SELPA) consists of ten district superintendents and the County Superintendent acting on behalf of eleven governing boards. Collectively, they constitute the Council of Superintendents, which will be the decision-making body of the consortium, and will meet regularly or at the request of a member. Decisions will be made by a quorum of the attending Superintendents. A majority vote is required for action, and Superintendents may vote in their absence by proxy. In case of a tie, the AU Superintendent shall cast the deciding vote.

The management structure of the SELPA consists of eleven Local Plan Agency Directors, (including the County Director), the Assistant Superintendent/SELPA Director, and such other management positions as may be specified by the Council of Superintendents. The eleven Directors and the Assistant Superintendent/SELPA Director constitute the Council of Directors, which is responsible for coordinating special education services in the SELPA. The Assistant Superintendent/SELPA Director will administer and implement regionalized services as specified in the Local Plan and pursuant to policies, rules, guidelines, and procedures adopted by the Council of Superintendents.

The San Joaquin County Office of Education is designated as the Administrative Unit (AU) for the San Joaquin County SELPA. It shall be responsible for, but not limited to, the following functions:

1. Receipt and distribution of special education funds to district accounts for the operation of special education programs and services.

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

The Superintendents' Council shall hear the facts of the dispute and shall render a written decision on the matter, which shall be binding on the parties. In case of a tie vote, the Responsible Local Agency Superintendent shall cast the deciding vote.

5. Describe the policies and procedures of the SELPA that allow for the participation of charter schools in the local plan:

Introduction

These procedures apply to all charter schools that are authorized by a member LEA of the San Joaquin SELPA or granted LEA status in the San Joaquin SELPA or any charter school petition granted by the State Board of Education (SBE) in which oversight responsibilities have been assigned to an entity within the SELPA (Education Code section 47605.5(k)(1).

Students enrolled in charter schools are entitled to special education services provided in a like manner to students enrolled in other public schools. Charter schools shall comply with all applicable requirements of state and federal law regarding provision of special education services (Education Code section 56000 et seq., Individuals with Disabilities Education Improvement Act 20 U.S.C. Chapter 33).

A charter school shall not discriminate against any pupil in its admission criteria on the basis of disability. Charter schools are legally required to maintain open enrollment policies and practices that allow students with disabilities to enroll on the same basis and to the same degree as students without disabilities. Children with disabilities applying to or enrolled in charters may not be treated differently from all other students based on their disability. Students, whether disabled or not disabled, may not be "counseled out" or "counseled in" to the charter school program, and the charter school may not otherwise influence an enrollment decision based on the child's disability. Advising families of students with disabilities that they are not allowed to attend or should not attend due to their disability related needs (i.e. education program does not have the services, modifications or accommodations necessary to enable them to attend) is discriminatory and illegal.

A LEA reviewing the petition for the establishment or renewal of a charter school may not refuse to grant the petition solely because the charter school might enroll students with disabilities who reside in a SELPA other than the one in which the LEA is a member (Education Code section 47647). Charter schools should delineate in their petition or a memorandum of understanding (MOU) the entity responsible for providing special education instruction and services. This document should reference any anticipated transfer of special education funds between the authorizing entity and the charter school and any provisions for sharing deficits in funding. This document should affirm, in writing, that the district where the student resides, if different than the authorizing entity, is not responsible for providing special education services to students that are enrolled in the charter school.

Whether and to what extent a charter school may be required to modify or otherwise add to or

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

change its educational programming options to meet the unique needs of a student with disabilities depends on whether the charter school is operating as an LEA for special education purposes or is operating as a school of the authorizing LEA. In general, charter schools that are their own LEAs are solely responsible for providing a free and appropriate public education (FAPE) in the least restrictive environment (LRE) in accordance with their SELPA's Local Plan to all students who are enrolled. Charter schools that are operating as a school of the authorizing LEA will share this responsibility in like manner with other schools in the authorizing LEA, as outlined in the SELPA Local Plan, including schools that may offer specialized or regional programs for students with certain types of disabilities.

Authorizers should require petitioners to articulate their mission explicitly in the charter petition and ensure that the charter school is committed and prepared to offer FAPE to students with disabilities who elect to attend the school. Authorizers should monitor charter schools' admission policies, procedures and practices to ensure that they don't block or discourage enrollment for particular students or groups of students. Authorizers should also monitor the charter school's compliance with federal and state special education laws.

SELPA Involvement with Approval and Renewal of Charters

Prior to approval or renewal of a charter, the superintendent or designee of the authorizing entity should consult with the SELPA Administrator regarding the sufficiency of assurances in the petition related to the provision of special education services. The petition presented should include assurances that all eligible students enrolled in the charter school will receive appropriate special education services in accordance with applicable state and federal laws and regulations as well as the SELPA Local Plan. The petition must provide that no student otherwise eligible to enroll in the charter school will be denied enrollment due to a disability or to the charter school's inability to provide necessary services. In compliance with Education Code section 47605, each charter petition must contain a reasonably comprehensive description of the charter school's educational program. These descriptions should include comprehensive descriptions of special education services, including the following:

- The specialized instruction and related services available at the charter school;
- The procedures for ensuring that students are referred, assessed and served in a timely manner;
- Assurance that staff members providing special education services are appropriately credentialed;
- Assurance that charter school will comply with SELPA policies;
- Assurance that the facility used by the charter school does not present physical barriers that would limit an eligible student's full participation in the educational and extracurricular program;
- Assurance that disenrollment, suspension and expulsion policies and procedures afford the protections of federal and state law to special education and 504 eligible students;

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

- Dispute resolution procedures that will apply to any disputes between educational entities, including the SELPA and its member LEAs, regarding the provision of special education services in the charter school;
- Assurance that the charter school will provide all required data within timelines; for example CALPADS and Maintenance of Effort (MOE);
- Assurance that no student otherwise eligible to enroll in the charter school will be denied nor discouraged from enrollment due to disability or due to the charter school's concerns about its ability to provide appropriate services;
- Assurance that the charter school shall fully inform parents of students with disabilities seeking enrollment in the school of their special education rights and educational options available;
- Assurance that a student with disabilities attending the charter school will have access to special education services in the same manner as a student with a disability who attends another public school within the chartering entity; and
- Assurance that the charter school and its employees will work under the direction of the chartering entity with regard to the delivery of special education services or that the charter school will contract for such services through another entity.

Categories of Charter Schools

Charter schools must comply with the Individuals with Disabilities Education Act (IDEA). The Charter School Act allows charter schools to comply with the IDEA by either operating as a school of its authorizing LEA or participating as an LEA member in a SELPA (EC § 47641, 47646). The decision lies with the charter school, and is made at the time it petitions for a charter. The charter school may apply to change status over time, depending on its charter language.

The degree to which a charter school is responsible for its special education programming and services depends upon whether the charter school is operating as an LEA for special education purposes or is operating as a school of the authorizing LEA. In general, charter schools that are their own LEAs are solely responsible for providing FAPE to students enrolled in the charter school, whereas charter schools that operate as a school of the district have the same responsibilities as individual schools within the authorizing district, as determined by the authorizer and the charter school.

For the purposes of provision of special education services; charter schools shall be deemed either a public school within the authorizing LEA or an LEA that receives funds and provides services independent of the authorizing LEA. All approved charter schools will be deemed public schools within the authorizing LEA until the charter school has been deemed an LEA following these procedures and the SELPA Local Plan. The differences between operating as a school of

SELPA San Joaquin County SELPAFiscal Year 2020-21

the LEA, LEA participant in the local SELPA and out of geographic SELPA membership are described below.

A. Public School within a School District or County Office

Charter schools that are deemed to be public schools within the authorizing LEA will participate in state and federal funding in the same manner as other schools or programs within the authorizing LEA. The authorizing LEA will be responsible for ensuring that all children with disabilities as defined in IDEA enrolled in the charter school receive special education and designated instruction and services in a manner that is consistent with all applicable provisions of state and federal law, no matter where the student may reside. The authorizing LEA will determine the policies and procedures necessary to ensure that the protections of special education law extend to students in the charter school in the same manner as students enrolled in other schools or programs administered by the authorizing LEA.

The authorizing LEA will:

- Receive all applicable special education funds. Funds will be allocated in the manner specified by the SELPA allocation plan;
- Represent the needs of the charter school in the SELPA governance structure;
- Be responsible for ensuring that all eligible students enrolled in the charter school are appropriately referred, assessed and served in a timely manner, no matter where the child may live;
- Be responsible for procuring and funding appropriate special education services even though the student may reside anywhere in the state of California; and
- Provide necessary special education services or contract for these services with public or private educational agencies and assume direct liability for all areas of special education at the charter school including serving students who enroll in the charter school, but do not reside in the authorizing LEA.

The authorizing LEA and the charter school may enter into business agreements or contracts whereby the charter school agrees to pay for the excess costs associated with providing special education services to identified students, including the administration of special education programs. When the authorizing LEA is a district, the charter school should be held fiscally responsible for a fair share of any encroachment on district general funds that is created by the provision of special education services throughout the district. The authorizing LEA may not condition granting a charter on a provision that the charter school must become an LEA.

B. Charter School as an LEA Within The SELPA

A charter school that includes in its petition for establishment or renewal, or that otherwise provides verifiable written assurances that the charter school will participate as an LEA for the

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

purposes of providing special education, may apply to become a member of the San Joaquin SELPA, or another approved SELPA. The charter petition or other written assurances should state that prior to final approval of a request to be deemed an LEA, the charter school will be deemed a public school within the authorizing LEA.

Charter schools that wish to become member LEAs in the San Joaquin SELPA must submit their application on or before November 1 of the school year preceding the school year in which the charter school anticipates operating as a member LEA within the SELPA. The SELPA administrator and/or staff will review the charter school's application and develop a written recommendation within 30 days of receipt of application. Both the applicant and members of the Council of Superintendents will receive copies of the written recommendation at least 10 days prior to the item appearing on an agenda.

The application process for a proposed charter school LEA will be the same as any other LEA wishing to be a member of the SELPA. The SELPA Governing Board will determine whether the charter school has the capacity and intent to meet all requirements of a LEA, provided, however, that all changes to the SELPA Local Plan to add an LEA as a member of the SELPA require the approval of all LEA Governing Boards. Therefore, if the SELPA Governing Board determines (by majority vote of quorum present) that a charter school meets the criteria for LEA membership in the SELPA and upon the instructions of the SELPA Governing Board, the SELPA Administrator shall distribute to all LEA Governing Boards a proposed resolution to amend the Local Education Agency Participants section of the SELPA Local Plan. The categorization as a separate LEA will become effective on the first day of the fiscal year (July 1), following final approval by the SELPA Governing Board.

The Council of Superintendents will take action to approve or disapprove the charter school as a member LEA within 60 days of application. If approved, the charter school LEA will become a member effective on July 1 of the school year in which final approval was granted. Prior to final approval and full acceptance as a member LEA, the charter school will continue to be deemed a public school of the authorizing LEA. If disapproved, the SELPA administrator will provide the applicant with a written finding that delineates the reason(s) for disapproval.

Once granted membership within the SELPA, the LEA charter school will participate on an equal basis with other members in the governance of the SELPA. A charter school LEA will have equal voting power with non-charter LEAs. Charter schools shall contribute to, participate in, and receive the benefits of reimbursement from all SELPA fiscal pools and participate in any costs in the same manner as other members.

The following documents shall be submitted to the SELPA:

- A copy of the agency's budget which includes an account for special education which is sufficiently large to cover the cost of anticipated services;
- A copy of the Charter, (as amended as appropriate) which sufficiently describes the provision of special education and related services by the charter LEA;
- A copy of the charter school's liability insurance policy of at least \$1,000,000 per person per

SELPA San Joaquin County SELPA

occurrence;

- A copy of audit reports for the past two years (if applicable);
- A document that provides income/expense reports for special education programs for the past two years (if applicable);
- A copy of the Dashboard for the school – history of last five years, if available;

A copy of the School Accountability Report Card (SARC);

- A list of credentials for all certificated staff: name, position, credential number, if highly qualified;
- A statement signed by the charter's fiscal official and Governing Board acknowledging the charter's obligation to "search and serve", its obligation to pay the costs of special education whether or not those costs are adequately covered from the charter's SELPA allocation, and assuring that it has adequate fiscal reserves to cover those costs. Costs of special education may include, but are not limited to, instruction, transportation, non-public school/agency placements, inter and intra SELPA placements, due process proceedings, complaints and attorney fees; and
- A copy of the charter school student application materials which reflects that the charter school can and will make available the full range of special education services for students enrolled in the charter school.

The applicant charter school will be deemed a member LEA if the Council of Superintendents determines that the charter school has met all requirements to be included as a member LEA of the SELPA as specified in this policy and the Local Plan. These requirements include:

- Provide assurance of an understanding and knowledge of applicable special education laws and regulations;
- Provide a current operating budget in order to assure fiscal responsibility in accordance with Education Code sections 47604.33;
- Provide assurances that all enrolled individuals with exceptional needs have access to appropriate special education programs and services and will receive services in a safe environment;
- Provide assurances that the LEA, through employment or contract, can provide the appropriately credentialed staff necessary to meet federal and state special education mandates;
- Assume responsibility for any legal fees as it relates to the application and assurances process in becoming an LEA;

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

- Provide assurance that the LEA will follow all applicable SELPA policies and procedures, including but not limited to:
 - Search and Serve, identification, screening, referral, assessment, instructional planning, placement, implementation and review procedures;
 - Procedural safeguards;
 - Regionalized services, program specialists, including excess costs if applicable; and,
 - Transportation as indicated in student's IEP.
- Abide by placement procedures and funding for students placed in Hospitals, Licensed Children's Institutions, Juvenile Court/Community School programs;
- Assume costs of programs and services, including transportation;
- Use SELPA approved forms in an appropriate manner;
- Provide all required CALPADS and other SELPA required information/data including Maintenance of Effort (MOE) data required by the federal government;
- Attend SELPA sponsored in-services and trainings and Council of Directors' meetings;
- Place special education students in inter or intra- SELPA programs only with the expressed consent of the receiving entity and under the condition that the placing entity will be responsible for any excess costs attributable to the placement;
- Accept inter-intra SELPA placements only with agreement between the educational entities. Under such circumstances, the placing LEA will be responsible for any excess costs, including transportation, in accordance with the Local Plan; and
- Indemnify and hold harmless the SELPA and each of the member entities.

Once deemed a member LEA, the charter school, like other member LEAs shall:

- Fully participate in governance of the SELPA in the manner outlined in the SELPA Local Plan;
- Accept all responsibilities of an SELPA LEA in the implementation of the Local Plan;
- Fully comply with policies and procedures outlined in the SELPA Local Plan;
- Contribute to, participate in, and receive the reimbursement from all SELPA fiscal pools and participate in any charge backs in the same manner as other members. Receive state and federal funding for special education in accordance with the SELPA Special Education Funding

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

Allocation Plan;

- Contribute to, participate in, and receive the benefits of Regionalized Services;
- Receive state and federal funding for special education in accordance with the SELPA funding Allocation Plan;
- Receive any available federal funds one year in arrears and calculated based on applicable special education counts;
- Comply with all requirements of state and federal laws and regulations;
- Be responsible for all costs incurred in the provision of special education services, without regard for the location in which the student may reside. These costs may include, but are not limited to, instruction, related services, transportation, nonpublic school/agency placements, inter/intra SELPA placements, due process proceedings, complaints and attorney fees;
- Document that all state and federal special education funds apportioned to the charter school are used for the sole purpose of providing special education instruction and/or services to identified students with disabilities. Such funds shall be used to supplement and not supplant other sources of federal, state and local funds apportioned to charter schools; and

If the approval of a charter school requires a change in the SELPA allocation plan, such change shall be adopted pursuant to the policy making process outlined in the SELPA Local Plan. A request from a charter school to participate in the SELPA will be treated in the same manner as such a request from a school district. If the approval of a Charter School requires a change in the SELPA Local Plan Governance structure, it will be submitted to CDE for approval. If LEA status is not granted, the charter may not become a member of the SELPA, but may reapply in future years.

Out of Geographic or all Charter Membership

A charter school may also apply to participate in a SELPA other than the one in which it is located. The State Board of Education (SBE) allows SELPAs to accept out-of-area charter schools and/or to operate as an all charter SELPA. These geographically distant and all charter SELPAs were created for purposes of providing charter schools with options to become LEA members of SELPAs other than the SELPA in which their authorizer is a member.

Even if a charter school is a member of a SELPA other than San Joaquin County SELPA, its authorizing LEA continues to have oversight and monitoring roles to ensure the charter school is appropriately serving students.

Revocation of LEA Status

LEA status may be revoked by the SELPA Governing Board for any of the following actions:

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

- Committed a material violation of any of the conditions, standards, policies or procedures in this policy or the Local Plan;
- Failed to meet generally accepted accounting principles or engaged in mismanagement of special education funds; and
- Violated any provision of state or federal law applicable to the charter school relating to special education.

When considering the revocation of LEA status of a charter school, the SELPA Governing Board shall examine the conduct of the charter school in their implementation of special education laws. The decision to revoke may be based on the ability of the charter school to cure and correct violations and/or the charter school's ability to ensure future consistent compliance with all applicable special education laws.

Prior to revocation, the SELPA Governing Board shall notify the charter school of any violation of this policy and give the charter school a reasonable opportunity to cure the violation unless the SELPA Governing Board determines, with written notice that the violation constitutes a severe and imminent threat to the health or safety of the pupils.

Throughout this process, the SELPA Director shall work closely with the authorizing LEA.

Should an LEA Charter School decide to leave the San Joaquin County SELPA, notice shall be given to the Assistant Superintendent/SELPA Director one day and one year prior to the effective departure date. Since this departure changes the governance structure of the Local Plan, appropriate notice shall be given to CDE.

Charter School Authorized by an LEA Outside the SELPA

When a charter school has no affiliation with an LEA within the SELPA, neither the SELPA nor the local district where the charter school is physically located within the SELPA has an obligation to reach agreement on the provision of special education services. If the charter school is granted a charter by an entity outside the SELPA, the charter school is responsible to work out provision of special education services with the authorizing LEA and related SELPA in order to meet the requirements to provide special education and related services.

Operational and Financial Implications of Changing Charter School Status

The following summarizes the operational and financial implications of a charter school becoming an LEA member of either the San Joaquin County SELPA or an out -of-geographic area SELPA. It also outlines the oversight implications for the SELPA and the authorizing entity.

A. Operational Implications of Changing from a School of the Authorizing Entity to an LEA Member of a SELPA

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

1. After a charter school is an LEA member of a SELPA, the authorizing LEA:

- a. will no longer have any obligation to provide special education placements or services to students enrolled in the charter school, and will no longer be obligated to serve as the charter school's special education provider or funding source;
- b. will no longer have direct liability for special education issues arising at the charter school or involving charter school students, assuming discharge of proper oversight;
- c. will retain its legal responsibility to oversee the charter school in general, including its compliance with special education laws, but will no longer have any obligation to fund or provide for such services; and
- d. may compel the charter school's independent compliance with special education laws.

2. As an LEA, the charter school:

- a. becomes solely and independently responsible for its compliance with all state and federal special education laws, and must make the continuum of program options available to all students enrolled or seeking to enroll in the charter school;
- b. bears all liability associated with discharging its obligations to students with disabilities who qualify for special education, and gains the responsibility to defend itself when any other complaints involving special education are filed;
- c. will participate in SELPA governance unless other provisions are approved and have access to SELPA services and support in the same manner as other member districts;
- d. will use SELPA forms, and operate its special education programs in accordance with SELPA direction;
- e. will obtain services from the SELPA in the same manner and to the same extent as other member districts of its size; and
- f. may utilize SELPA or other consultants to assist it in developing appropriate special education programs, procedures, expertise, and building capacity to be responsible for their own special education programming.

B. Financial Implications of Changing from a School of the Authorizing LEA to an LEA Member of San Joaquin County SELPA

- 1. The SELPA will continue to obtain from the State the special education revenue generated by the charter school, but it will pass the funding through to the charter school and not its authorizer.
- 2. The SELPA will allocate special education funding to the charter school, instead of to the

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

authorizing LEA, in accordance with the Local Plan and Allocation Plan. For example, the LEA charter shall:

- a. receive grant dollars based on its appropriate eligibility determination;
- b. be responsible for all costs incurred in the provision of special education services. These costs may include, but are not limited to, instruction, services, transportation, nonpublic school/agency placements, inter/intra SELPA placements, due process proceedings, complaints and attorney fees;
- c. document that all State and Federal special education funds apportioned to the charter school are used for the sole purpose of providing special education instruction and/or services to identified students with disabilities; and
- d. ensure that special education apportionment is used solely for the purpose of providing special education instruction and/or services to identified students with disabilities.

C. Financial Implications of Changing from a School of the Authorizing LEA to an LEA Member of an Out-of-Geographic SELPA

1. When a charter moves to an out of geographic area SELPA, neither the authorizing district nor the local SELPA will be allocated the special education funding generated by charter school ADA. The authorizing LEA's ADA would decrease and each local SELPA member district's special education funding could be decreased proportionately by the departing ADA.
2. The San Joaquin County Assistant Superintendent/SELPA Director is available to meet with LEAs and charter school operators to ensure they understand the above implications and have access to the resources and information needed to discharge special education responsibilities appropriately.

6. Identify and describe the representation and participation of the SELPA community advisory committee (CAC) pursuant to EC Section 56190 in the development of the local plan:

COMMUNITY ADVISORY COMMITTEE

[56205(a)(12)(C), 56205(b)(6)]

The San Joaquin County SELPA Community Advisory Committee (CAC) has been established in accordance to EC 56205(a)(12)(c) and 56205(b)(6) and is comprised of parents of IWENs enrolled in public or non-public schools within the San Joaquin County SELPA. The CAC may include pupils and adults with exceptional needs; general education teachers and parents, special education providers, and other school personnel within the San Joaquin County SELPA. It may also include representatives of other public and non-public agencies, and persons concerned with the education of IWENs. The school boards of the participating Local Education

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

Agencies (LEAs) shall appoint one member and alternates to the CAC. The SELPA Department shall establish policies and procedures for the operation of the CAC in accordance with the state regulations for CAC responsibilities.

CAC agendas will be posted ahead of time and will follow Brown Act provisions.

The CAC will be advisory to the Council of Directors and each member will be responsible to the appointing Board of Education or agency.

1. Procedures for Appointment to the Community Advisory Committee:

- a. Recommendations for appointment of parents to the CAC will be solicited by each LEA Director. These recommendations will be presented to their respective governing boards for appointment.
- b. Appointment of agency representation will be requested of agency management personnel by the Assistant Superintendent/SELPA Director or designee.
- c. Appointment of general and special education teachers and other school personnel will be solicited by the Assistant Superintendent/SELPA Director or the LEA Directors of Special Education.

2. Responsibilities of the CAC are implemented as follows:

- a. Input is solicited from members of the CAC regarding areas to be addressed in the Local Plan. Once the Plan has been developed, it is presented to the CAC for review and comment at least 30 days prior to the submission of the plan to the Superintendents' Council.
- b. At the time initial input is solicited, members of the CAC may provide recommendations for prioritizing services.
- c. Members of the CAC are encouraged to provide suggestions for parent education activities. Also, members are encouraged to participate in parent education activities and to recruit individuals who might assist in the implementation of the plan.
- d. Members of the CAC are encouraged to discuss all aspects of the Plan in the community. Information is made available to them so they can become a resource to the community.
- e. Information about various special needs and agencies available to assist individuals with these needs is made available to members of the CAC. Members are encouraged to be supportive of families and individuals with exceptional needs and to support and participate in activities on their behalf.
- f. Members of the CAC are encouraged to make regular meeting attendance a high priority.

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

g. Members of CAC are a liaison of the LEA or represented agency and are responsible for reporting back the priorities and education activities related to the Plan.

The role of the CAC in the development of the local plan is advisory in nature. The Assistant Superintendent/SELPA Director will provide a draft of the modified Local Plan and provide the Chair of CAC an opportunity to review and provide input regarding recommended changes. The Chair will be provided a copy of the Local Plan draft 30 days prior to submission to the Superintendents' Council so that he/she has ample time to solicit input from the other members of CAC so that he/she can provide such input to the Assistant Superintendent/SELPA Director. The CAC is given no approval responsibilities by statute; responsibilities are advisory in nature.

7. Describe the SELPA's process for regular consultations regarding the plan development with representative of special education and regular education teachers, and administrators selected by the groups they represent and parent members of the CAC:

SELECTION OF REPRESENTATIVES FOR DEVELOPMENT OF THE LOCAL PLAN

[56195.3]

The Local Plan is developed and updated cooperatively by a committee of representatives of special and general education teachers and service providers, public agencies, and administrators and representatives of charter schools selected by the groups they represent and with participation by the chair of the CAC to ensure adequate and effective participation and communication. Teacher and service provider participants shall be selected by their peers. General education and special education administrators shall be selected by the representative superintendents. Directors of charter schools shall be requested to select a representative to serve on the Local Plan committee.

The Assistant Superintendent/SELPA Director will meet with this group 3 times to allow for multiple readings and an opportunity to provide input regarding the content of the Local Plan prior to submission to the Council of Directors and the Superintendents' Council for approval.

8. Identify and describe the responsible local agency (RLA), Administrative Unit (AU), or other agency who is responsible for performing tasks such as the receipt and distribution of funds, provision of administrative support, and coordination and implementation of the plan:

DISTRIBUTION OF SPECIAL EDUCATION RESOURCES TO LEAs

[56205(b)(1)(A-G), 56836.05(b)]

1. As a result of changes allowed by the passage of AB 602, Special Education funding will be allocated by the State Department of Education to the AU of the San Joaquin County SELPA. Funding will then be allocated by the AU directly to the Districts based on decisions made

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

pursuant to the process described herein. The Council of Directors shall recommend the distribution of funding based on dollars available, utilization of dollars in each of the districts, and requests for any LEA to operate programs. This process allows for the reallocation of funding when necessary and for addressing recapture of funding should the SELPA experience declining enrollment. The final decision regarding the allocation plan shall be made by the Council of Superintendents.

Preliminary data gathering will take place after the October Census date. Priorities for additional regionalized classes will be set in January. All fiscal recommendations will be sent to the Council of Superintendents for review and action.

The annual Budget Plan and Service Plan shall be adopted at a public hearing held by the Council of Superintendents.

The Council of Directors shall recommend the allocation of funding for instructional personnel including any growth proposals at their February Meeting.

2. The district of residence has the financial responsibility for transporting all its students. Should a student be transported by an agency other than the district of residence, and should the cost exceed the apportionments and other funds received for such services by the providing agency, the district of residence shall reimburse the providing agency its prorated share of the excess costs.

3. Regionalized service funds shall be allocated to the AU for operation of regionalized services specified in Education Code 56220(c). Should the cost of regionalized service exceed the apportionments and other funds received for such services, such excess costs will be prorated to each district on the basis of its most recent unduplicated special education pupil count.

4. The audit trail of utilization of federal pass-through funds shall be maintained by setting up a separate budget. The Assistant Superintendent/SELPA Director or designee prepares the annual reports based on actual expenditure information.

5. The staff development committee of the SELPA shall prepare the annual plan for staff development based on yearly needs assessments. The SELPA staff shall prepare the staff development budget based on recommendations from the Council of Directors regarding the utilization of state personnel development funds.

6. Low-incidence funds shall be maintained in a budget of the SELPA.

a. Based on IEP justification that the equipment requested will promote the least restrictive environment for the student and minimize the necessity for service on an isolated site, a district may request an expenditure of funds for equipment with a written request presented to a Low Incidence Committee for approval. Upon approval, the equipment is purchased by the SELPA office.

b. AB 605 allows students who need assistive technology when transferring from one LEA to

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

another to have access to that assistive technology provided by the first LEA for a period of two months during the transition period.

7. Changes in funding distribution shall be recommended by the Council of Directors to the Council of Superintendents. Changes in budget allocation will be reflected on the reporting documents required by the California Department of Education of the appropriate district(s). All budgets, district and county, are approved at public meetings.

8. Proposed changes by an LEA that would impact another LEA's budget or program(s) shall be presented to the Council of Directors for discussion in accordance with the "Changes Calendar" developed by the Council of Directors. Items on this calendar shall include, but need not be limited to, (1) changes in service being provided by an LEA, (2) changes in facility needs, (3) programming requests, and (4) proposed excess costs. The calendar shall also delineate when recommendations from the Council of Directors shall be presented to the Council of Superintendents for action. Proposed changes by an LEA must be submitted to the Council of Directors by January of the fiscal year prior to implementation.

9. The district of residence has the financial responsibility for program costs for all its students. Should a student be educated by an agency other than the district of residence, and should the programming costs exceed the apportionments and other funds received for such services by the providing agency, the district of residence shall reimburse the providing agency its prorated share of the excess costs.

PROCEDURE FOR DETERMINING THE RESPONSIBILITY OF EACH PARTICIPATING AGENCY TO PROVIDE AND TO ASSURE ACCESS TO SPECIAL EDUCATION SERVICE FOR ALL INDIVIDUALS WITH EXCEPTIONAL NEEDS IN THE SELPA

[56195.1(b)(2), 56205(a)(12)(D)]

The Council of Superintendents and the Council of Directors will each organize as Councils of the Whole, with each participant as a voting member. The Councils of Directors and the Council of Superintendents will meet regularly. The decision-making process regarding all aspects of the Local Plan, including responsibility, access to program, and changes in the delivery system will be as follows:

The Council of Directors will initiate agenda items. These items will be presented at meetings for discussion, review and development of draft recommendations. The recommendations will be sent to the Council of Superintendents for review and action. Action of the Council of

SELPA San Joaquin County SELPAFiscal Year 2020-21

Superintendents is final unless an item is referred back to the Council of Directors for additional review and recommendations.

A recommendation that has been approved by the Council of Superintendents is presented by the Assistant Superintendent/SELPA Director, when necessary, to each governing board for review and input or adoption/approval.

Each board reviews and adopts/approves policies, the Local Plan, and their individual budget plan.

Each LEA Board of Trustees will approve at a SELPA public hearing the annual budget plan, annual services plan, annual assurances support plan, the Local Plan, and the Certification Participating form. These documents and certifications will serve as the basis for the operation and administration of special education programs operated. By signing off on the above-mentioned certifications, the districts represented agree to meet all applicable requirements of special education state and federal laws and regulations and state policies, and procedures. The LEA superintendent shall administer the local implementation of policies, procedures, and practices in accordance with special education state and federal laws and regulations which will ensure full compliance.

The current local plan—Governance and Administration, Annual Assurances Support Plan, Annual Budget Plan, and Annual Services Plan, including updates or revisions to the plan will be posted upon approval by the SELPA or SJCOE, as appropriate, on each district's and county office's web site as well as being on file at each LEA and respective County Office.

10. For multi-LEA local plans, specify:

- a. The responsibilities of each participating COE and LEA governing board in the policymaking process:

DESCRIPTION OF GOVERNANCE STRUCTURE

[56195.1(c)(1-2), 56205 (a)(12)(A), 56205(a)(12)(D)(ii)]

The San Joaquin County Special Education Local Plan Area (SJC SELPA) has been designated by the California State Board of Education as a SELPA, having met the size and scope requirements delineated by the area State Board. When the SJC SELPA was first established, the governance option selected was that of a multi-district SELPA with the county office serving as the Administrative Unit (AU), and the San Joaquin County Superintendent of Schools as the Superintendent of the AU. Any changes to this governance option must follow the procedures as stated in the Local Plan. In developing and approving a local plan, districts agree to cooperate with the county office to assure that the plan is compatible with the other local plans in the county. The county office shall review any local plans developed according to EC 56195.3(d). In adopting the completed Local Plan, each LEA agrees to carry out the duties and responsibilities assigned to each agency within the Plan, or which may be delegated at a later date through agreement of the participating agencies.

The executive structure of the SJC SELPA consists of ten district superintendents and the

SELPA San Joaquin County SELPAFiscal Year 2020-21

County Superintendent acting on behalf of eleven governing boards. Collectively, they constitute the Council of Superintendents, which will be the decision-making body of the consortium, and will meet regularly or at the request of a member. Decisions will be made by a quorum of the attending Superintendents. A majority vote is required for action, and Superintendents may vote in their absence by proxy. In case of a tie, the AU Superintendent shall cast the deciding vote.

The management structure of the SELPA consists of eleven Local Plan Agency Directors, (including the County Director), the Assistant Superintendent/SELPA Director, and such other management positions as may be specified by the Council of Superintendents. The eleven Directors and the Assistant Superintendent/SELPA Director constitute the Council of Directors, which is responsible for coordinating special education services in the SELPA. The Assistant Superintendent/SELPA Director will administer and implement regionalized services as specified in the Local Plan and pursuant to policies, rules, guidelines, and procedures adopted by the Council of Superintendents.

The San Joaquin County Office of Education is designated as the Administrative Unit (AU) for the San Joaquin County SELPA. It shall be responsible for, but not limited to, the following functions:

1. Receipt and distribution of special education funds to district accounts for the operation of special education programs and services.
2. Receipt and distribution of special education funds to accounts exclusively designated for SELPA use.
3. Employment of staff to support SELPA functions.

RESPONSIBILITIES OF THE COUNCIL OF SUPERINTENDENTS

[56205(a)(12)(A)(D)]

It is the responsibility of the Council of Superintendents, chaired by the AU Superintendent, in implementing the Plan to:

1. Act as the decision - making body for the AU.
2. Direct the allocation and utilization of special education management and support services and other resources within the Special Education Local Plan Area (SELPA) in accordance with the provisions of the Local Plan.
3. Review special education issues and recommend effective solutions to the Council of Directors and their respective governing boards.
4. Provide leadership in the development of policy and procedures, goals, priorities, and plans

SELPA San Joaquin County SELPA

for the comprehensive and systematic provision of special education programs and services and recommend their adoption by participating boards.

5. Adopt executive rules for the management of special education programs and services in the SELPA, and the implementation of agreements.

6. Monitor special education programs and services with respect to both planned and actual efforts, progress, and results.

7. Adopt guidelines for the conduct of special education programs and services available through the Local Plan.

8. Provide executive direction to the Assistant Superintendent/SELPA Director responsible for regionalized services and to the AU Superintendent, when appropriate, regarding the implementation, administration and operation of special education programs and services in accordance with the Local Plan.

9. Direct that data be gathered, interpreted, and reported regarding the implementation, administration, and operation of the Local Plan.

10. Review fiscal data, current status and accomplishments of special education programs, as well as needs for program growth in the SELPA.

11. Provide leadership for inter-district and intra-district SELPA actions pertaining to the implementation, administration, and operation of the Local Plan.

12. Review, upon request of a local agency, the Local Education Agency's (LEA) portion of the special education programs and services in accordance with the provisions of the Local Plan.

13. Facilitate liaison with community resources, the LEAs, the AU, and the CAC.

14. Approve an annual budget and program plan composed of the individually adopted budget and program plans from each LEA and the county operated program.

ROLE OF ADMINISTRATIVE UNIT (AU) SUPERINTENDENT

[56195.1(b)(3), 56205(a)(12)(D)(ii)]

The role of AU Superintendent is as follows:

1. Act as chair of the Council of Superintendents.

enrollment. The final decision regarding the allocation plan shall be made by the Council of Superintendents.

Preliminary data gathering will take place after the October Census date. Priorities for additional regionalized classes will be set in January. All fiscal recommendations will be sent to the Council of Superintendents for review and action.

The annual Budget Plan and Service Plan shall be adopted at a public hearing held by the Council of Superintendents.

The Council of Directors shall recommend the allocation of funding for instructional personnel including any growth proposals at their February Meeting.

Upon approval, the equipment is purchased by the SELPA office.

AB 605 allows students who need assistive technology when transferring from one LEA to another to have access to that assistive technology provided by the first LEA for a period of two months during the transition period.

Changes in funding distribution shall be recommended by the Council of Directors to the Council

Proposed changes by an LEA that would impact another LEA's budget or program(s) shall be presented to the Council of Directors for discussion in accordance with the "Changes Calendar" developed by the Council of Directors. Items on this calendar shall include, but need not be limited to, (1) changes in service being provided by an LEA, (2) changes in facility needs, (3) programming requests, and (4) proposed excess costs. The calendar shall also delineate when recommendations from the Council of Directors shall be presented to the Council of Superintendents for action. Proposed changes by an LEA must be submitted to the Council of Directors by January of the fiscal year prior to implementation.

The district of residence has the financial responsibility for program costs for all its students. Should a student be educated by an agency other than the district of residence, and should the programming costs exceed the apportionments and other funds received for such services by the providing agency, the district of residence shall reimburse the providing agency its prorated share of the excess costs.

POLICY

IDENTIFICATION AND EVALUATION OF INDIVIDUALS FOR SPECIAL EDUCATION

Note: Education Code 56300 and 34 CFR 300.111 require each district, Special Education Local Plan Area (SELPA), or county office of education to actively seek out all residents from birth to age 21 (not “through” age 21) who have disabilities as defined by Education Code 56026. The district, SELPA, or county office is also required to include a “child find” process to identify children with disabilities placed by their parents/guardians in private schools. See San Joaquin County Office of Education Policy - Students with Disabilities Enrolled by Their Parents in Private Schools.

Note: Identification, evaluation, assessment, and instructional planning procedures for children younger than age three must conform with Education Code 56425-56432 and the California Early Intervention Services Act (Government Code 95000-95029). The California Department of Education and local education agencies are responsible for providing early intervention services to infants and toddlers who have visual, hearing, or severe orthopedic impairment; the Department of Developmental Services and its regional centers must provide services to all other eligible children in this age group. The law also requires regional centers and local education agencies to coordinate family service plans for infants and toddlers and their families. Education Code 56441.11 sets forth eligibility criteria for preschool children ages three to five.

Description:

The Governing Board recognizes the need to actively seek out and evaluate district residents from birth through age 21 who have disabilities in order to provide them with appropriate educational opportunities in accordance with state and federal law.

Note: Education Code 56301 mandates that districts, SELPAs, or county offices have policies and procedures for a continuous "child find" system which addresses the relationships among identification, screening, referral, evaluation, planning, implementation, review, and triennial assessment.

Note: Pursuant to Education Code 56302.5, the term "assessment" as used in state law has the same meaning as "evaluation" provided in 20 USC 1414, the federal Individuals with Disabilities Education Act (IDEA) and accompanying federal regulations. The following policy and administrative regulation use the phrase interchangeably.

The Superintendent or designee shall develop processes to determine when an individual is eligible for special education services and shall establish systematic procedures for special education program identification, screening, referral, assessment, planning, implementation, review, and triennial assessment, (Education Code 56301) as well as procedures for the planning, implementation and review of the education and related services provided to such individuals. The district's process shall prevent the inappropriate disproportionate representation by race and ethnicity of students with disabilities.

The Superintendent or designee shall establish a method whereby parents/guardians, teachers, appropriate professionals, and others may refer an individual for assessment for special education services. Identification procedures shall be coordinated with school site procedures for referral of students with needs that cannot be met with modifications to the regular instructional program. (Education Code 56302)

The Superintendent or designee shall notify parents/guardians in writing of their rights related to identification, referral, assessment, instructional planning, implementation, and review, including the district's procedures for initiating a referral for assessment to identify individuals who need special education services. PROCEDURAL SAFEGUARDS

In order to protect the rights of students with disabilities, the district shall follow all procedural safeguards as set forth in state and federal law. Parents/guardians shall receive written notice of their rights in accordance with law, Board policy, and administrative regulation.

Note: Education Code 56195.8 authorizes the policy to include provisions for involving district Board members in any due process hearing procedure activities.

The Superintendent or designee shall represent the district in any due process hearing conducted with regard to district students and shall inform the Governing Board about the result of the hearing.

Complaints for Special Education

A compliance complaint, which can be made by anyone, is an allegation of a violation of state or federal law. A complainant may also file such complaints directly with the California Department of Education. These compliance complaints are different from the due process complaint detailed in the accompanying administrative regulation, which is a legal document that must be filed in order to initiate a due process hearing.

Complaints concerning compliance with state or federal law regarding special education shall be addressed in accordance with the district's uniform complaint procedures.

POLICY

PUPIL TRANSPORTATION/TRANSPORTATION FOR STUDENTS WITH DISABILITIES

Note: Pursuant to the federal Individuals with Disabilities Education Act (IDEA) (20 USC 1400-1487) and Section 504 of the federal Rehabilitation Act of 1973 (29 USC 794), districts are required to provide bus service to students with disabilities equivalent to that provided for students without disabilities. However, if a district charges transportation fees, the State Board of Education recommends, in Program Advisory LO:2-95, that Boards exempt from the fee only those "handicapped"/special education students served under the IDEA whose individualized education program (IEP) requires that transportation be provided. This policy and administrative regulation reflect the interpretation offered in that advisory.

The Governing Board shall ensure that appropriate transportation services are provided for students with disabilities as specified in their individualized education program (IEP) or accommodation plan. The district shall make home-to-school transportation available for students at no cost to parents/guardians as specified in the student's IEP.

The Superintendent or designee shall establish criteria and procedures for determining the most appropriate mode of transportation for an individual student based on identified needs as determined in the IEP or accommodation plan.

Note: Federal regulations (34 CFR 104.4) provides that no qualified disabled person shall, on the basis of disability, be excluded from participation in, be denied the benefits of, or otherwise be subject to discrimination under any program or activity which receives or benefits from federal financial assistance.

14. Coordination of career and vocational education and transition services:

Reference Number: N/A

Document Title: Procedural Manual - Transition Post Secondary

Document Location: SELPA Office

San Joaquin County

Special Education Local Plan Area
POLICY

TRANSITION: PLANNING FOR SUCCESS

Transition services (designed with a results oriented process focused on improving the academic functional achievement of the child) must be addressed in the Individual Education Program (IEP) of the student not later than in the year in which they turn 16 years of age. This really means that Secondary Transition planning, the Individual Transition Plan (ITP), needs to be included in the IEP during the student's 15th year so it is in effect when they turn 16.

Note: When a student exits from special education as a result of earning a diploma or upon reaching maximum age, the Local Education Agency (LEA), which is usually the school district, shall provide the student with a summary of their academic achievement and functional performance along with recommendations on how to assist the student in meeting their post-secondary goals. This Summary of Performance (SOP) is not part of the IEP but has to be given (delivered in person or by mail) to the student before the end of the academic year when they earn a high school diploma or reach maximum age. Documentation of the delivery of the SOP should be kept with student records.

Philosophy

Transition is all about planning for a student's future and how academic courses, functional curriculum, vocational activities, annual goals and services

SELPA

San Joaquin County SELPA

Fiscal Year

2020-21

help move a student towards their future goal.

Discussion about transition or future planning should begin an IEP so that the team is focused throughout the meeting on helping the student work towards his or her future goals.

What is the goal of Transition?

To provide the student necessary support to access learning all the skills and knowledge necessary to make their post school goals a reality.

Transition in a real world application

Secondary transition is the same as your parents asking you what you wanted to do when you left school. You as a teacher ask the same question but use information and assessments to help the student answer the question. The answers to the question are the student's Measurable Post Secondary Goals (MPSG's) in Education/Training, Employment and when appropriate, Independent Living.

The next question for the student and IEP team - What subjects or functional skills do you need to learn while in school to help you reach those future goals (MPSG's)? This is the student's course of study.

Based on the above information, the student and IEP team need to discuss what transition activities would help the student learn more about their choices - do they need to attend a career or college fair?, do they need some community experience in their area of interests?, etc. The areas that need to be looked at are: Instruction; Community Experiences; Employment and other Postsecondary Adult Living Objectives; Related Services and, if appropriate; Daily Living Skills and Functional vocational screenings.

Annual goals should be written that will support the student's movement towards their future goals. For example, to address a future employment goal an annual goal could address: Can they fill out an application? Do they know their address? Can they follow directions?

What transition services would support this annual goal? - For Example - Career Awareness (840) could be the transition service that supports the students annual goals related to transition - what would these services look like? - Example - Student will be provided opportunities in the classroom and community to explore career options. Student will attend the annual career fair at the high school.

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

When do you have to address Transition in the IEP?

Transition has to be a part of the IEP that will be in effect when the student turns 16, or younger if appropriate for the individual student and in every IEP thereafter.

How often do you have to address Transition in the IEP?

Once you have addressed it, you must address transition every year until the student leaves school with a diploma or reaches maximum age.

What needs to happen before the IEP meeting where Transition is discussed?

- Prepare student and family for the transition process. Let them know what it is and that it will be addressed in the IEP meeting.
- Help student and family make a connection between the student's abilities and future career/living situation.
- Discuss H.S. Diploma and Certificate of Completion and what each means.
- Encourage student and family to talk about options for the student after leaving school.
- Help the student and family describe student's disabilities and any accommodations that may be needed.
- Give the student opportunities to discover what he/she can do, cannot do or do with support.
- At age 17 or earlier discuss Age of Majority and what it means to the student and family.

What crucial information do you need from the student to develop a good transition plan?

The student's goals and vision (measurable post secondary goals in IEP language) for his or her future are key to developing a good transition plan.

What are the steps for Transition Development in the IEP?

- Age Appropriate Transition Assessment
- Measurable Postsecondary Goals (MPSG's)
- Course of study (academic or functional classes or instruction) to support MPSG's
- Development of Annual Goals that support MPSG's
- Activities that support the MPSG's
- Transition Services to support annual goals
- Age of Majority Notification (Age 17)
- Summary of Performance (Not part of the IEP process)

How do you collect this information from the student?

This information can be gathered from an age appropriate transition assessment.

What is age appropriate?

Age-appropriate means chronological rather than developmental age.

What is the purpose of age appropriate transition assessments?

- Assist the student to identify needs, interests and preferences.
- Assist the student in developing Measurable Post Secondary Goals (MPSG's) in Education or Training; Employment; and Independent Living if appropriate.
- Assist the IEP team to determine appropriate instruction, classes and activities that will assist the student achieve measurable post-school goals.
- Assist the IEP team to determine appropriate accommodations and supports.
- Assist the IEP team to determine what annual goals need to be addressed to assist the student to move towards his or her MPSGs.
- Assist the IEP team to determine what services will support the annual goals for transition.

Do you need an assessment plan?

In your district, do you do an assessment plan for every annual as well as the triennial? If so, on page 2 of the assessment plan, check Career Vocational. If not - If age appropriate transition assessment information is built into your curriculum, such as interest inventories, career awareness activities, etc., you may not need an assessment plan.

HOWEVER . . .

You should always check with your district/administrator to make sure you are following appropriate policies and procedures for your program.

What components could be considered in an age appropriate transition assessment?

A student interview; career interest inventory; personality or learning style inventory related to careers; other assessment records (classroom based, situational; psycho-educational; state-wide testing; adaptive behavior scale; etc.) would be appropriate. Anything that can assist the student in defining

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

what he/she would like to do in terms of education or training, employment or daily living when they exit secondary education. This information needs to document student's strengths, interests and preferences in these areas. Presence of the above information in the student's file and a clear link of such information to the student's postsecondary goal(s) would meet the requirements of age appropriate transition assessment. Additional data may include a family interview, teacher/transition coordinator observational assessments or various student self- assessments.

An **age appropriate transition assessment** should include information from student, parents and school staff regarding:

- (1) Student's vision for the future (Measurable Post Secondary Goals) and
- (2) Student's present levels of functioning as related to transition in:

- Work Experience
- Recreation and Leisure
- Home/Independent Living
- Community Participation
- Postsecondary Training and Learning
- Related Services

How is transition assessment information documented in the Individual Transition Plan in the IEP?

It is documented through measurable post secondary goals, annual goals, course of study; transition activities and services related to transition. It is also documented on Page 1 of the ITP as the assurances that all of this was done.

What is a Measurable Post Secondary Goal (MPSG)?

- It is what the student wants to do for education or training, employment and, if appropriate, independent living after he/she leaves secondary education (including adult transition class - 18-22 years old)
- *See Goal Bank in SEIS - State Wide Teacher Goal Bank, Post Secondary Goals for examples*

How do you write an MPSG?

- *'Plan to' ... will not meet compliance!*

Begin with:

- Upon receiving a diploma...
- Upon graduation with a diploma...

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

- Upon reaching maximum age...

Use results-oriented terms such as:

- Enrolled in
- Work
- Live independently

Use descriptors such as:

- Full time
- Part time

What are examples of a MPSG for education or training, employment and independent living skills?

Education or Training Example

- Upon completion of high school with a diploma, I will enroll in courses at a four year college to which I am admitted.
- Upon reaching maximum age, (student's name or I) will obtain entry level training in (insert area of interest)
- Upon reaching maximum age, (student's name or I) will participate in an Adult Service Program with a training component.
- Upon reaching maximum age, (student's name or I) will participate in habilitative and functional skills training through an adult program.

Employment Example

- Upon reaching maximum age, (student's name or I) will participate in an Adult Service Program with a work component.
- Upon reaching maximum age, (student's name or I) will obtain a supported employment position in retail sales (or whatever area of interest).

Independent Living Skills Example

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

- Upon completion of high school with a diploma, (student's name or I) will complete employment applications correctly.
- Upon completion of high school with a diploma, (student's name or I) will manage my household budget.
- Upon reaching maximum age, (student's name or I) will access Regional Center services for supported employment (or supported living) assistance.
- Upon reaching maximum age, (student's name or I) will take daily medication with assistance from in home support services.

Where do you list a MPSG in the IEP?

The MPSG's are listed on the 1st page of the Individual Transition Plan (ITP) in SEIS. The ITP is designed to develop a long-range plan for the student's movement into the adult world. With information gathered during an age appropriate transition assessment, student MPSG's are to be developed by the student and his family members as part of the ITP/IEP team meeting.

Is a measurable post secondary goal (MPSG) the same as an annual goal?

No, a MPSG relates to what the student wants to do after he/she leaves school. Annual goals will help the student work towards achieving a MPSG.

According to law, what MPSGs have to be written for each student?

A MPSG has to be written in Education or Training and in Employment for every transition age student. A MPSG in Independent Living has to be written if it is appropriate for an individual student. Independent Living would be appropriate for most students in functional placements.

Do you have to address transition in annual goals?

Yes. The annual goals should support the student's expressed measurable post school goals and vision, be based upon the student's present levels of performance, and reflect the statement of needed transition services. See Examples below.

- Example: MPSG Employment - Student will work at a job that involves cleaning in a store environment.
- Example of an Annual Goal related to MPSG for Employment: By (next annual date), when participating in a mock job interview, Student will properly introduce himself/herself, answer 3-4 questions about his/her education, job experiences, and references with 80% accuracy in 3/4

trials as measured by teacher/assistant's job evaluations.

How do you indicate that an annual goal is related to MPSG?

Check box c on the annual goal page in SEIS:

(Text box goes here)

What is a course of study and how does it support the student's MPSGs?

A course of study is an annual description of coursework (classes or functional curriculum) that would assist the student to make progress towards his/her desired measurable post-secondary goals.

How do you document this in the IEP?

At the bottom of page 1 on the ITP in the Transition Service Needs box

What about transition service activities (these are not listed in the service box on Page 2 of the IEP)?

These are documented on Page 2 of the ITP.

What do Transition service activities include?

- Instruction
- Related Services
- Community Experiences
- Employment and other post-school adult living experiences
- and when appropriate
- Daily living skills and functional vocational evaluation

Transition service activities should be developed as a coordinated set of activities by considering each of the following areas:

- **Instruction** the student needs to receive in specific areas to complete needed courses, succeed in the general curriculum and gain needed skills post high school.
- **Related services** the student may need to benefit from special education while in school. Generally, the IEP team should also begin to consider related service needs the student may have as he or she enters the adult world. If related services will be needed beyond school, the IEP should identify, as appropriate, linkages to adult agencies or providers before the student leaves the school system.
- **Community experiences** are provided outside the school building or in community settings. Examples may include community-based work experiences and/or exploration, job site training, banking, shopping,

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

transportation, counseling and recreation activities.

- **Employment or other post-school adult living objectives** the student needs to achieve desired post- school goals. These could be services leading to a job or career or those that support activities done occasionally such as registering to vote, filing taxes, renting a home, accessing medical services, filing for insurance or accessing adult services such as Social Security Income (SSI).
- **Acquisition of daily living skills** - Daily living skills are those activities that adults do every day (e.g., preparing meals, budgeting, maintaining a home, paying bills, caring for clothes, grooming, etc.).
- **Functional vocational evaluation** - This is an assessment process that provides information about job or career interests, aptitudes and skills. Information may be gathered through situational assessment, observation, or formal measures and should be practical. The IEP team could use this information to refine services outlined in the IEP.

The IEP team will need to consider each of these areas when identifying needed transition service activities and include them on the IEP when a service activity is needed. Each area is to be considered in relationship to support the attainment of the measurable postsecondary goals identified by the student. Consideration for each of these areas helps ensure that the services are coordinated, comprehensive and that students will have access to the post-school services, supports and programs they need. It is NO LONGER required to write a statement justifying why any of these areas are NOT addressed in the IEP.

When do you need services listed in the IEP service box that relate to transition?

Any student with a transition plan shall have a transition service in the service box on the offer of services page of their IEP. The transition service code should be also entered on the first page of the ITP.

What are transition services? (CASEMIS codes in SEIS)

- College Awareness (820)
- Vocational Assessment, Counseling, Guidance, Career Assessment (830)
- Career Awareness (840)
- Work Experience Education (850)
- Job Coaching (855)

Who could provide these services?

Some possibilities:

- The teacher
- WorkAbility
- A vocational class
- Regional Center

How would you describe the services?

Examples -

- College Awareness - student will attend the annual H.S. college night - student will research colleges and disseminate information to teacher/parents
- Career Awareness - student will attend annual career fair, career speakers in classroom, WAI presentations
- Travel Training - student will learn the bus routes from home to different sites in the community; student will access transportation, learning routes and safety, to reach a work experience site

How do you determine how much?

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

Description:

- # of Sessions - How often does the activity/teaching/exposure happen?
- Duration - How long does it happen for?
- *Totaling - for a grand total of?
- *Frequency - Does it happen daily, weekly, monthly, yearly or some other frequency?

Where's it going to happen?

Location possibilities:

- Regular classroom
- Special classroom
- Service provider location
- Any other location

Work Experience Education (850)

You may choose to use this code:

- when a student is enrolled in outside work experience education (OWE) through school and is working
- when a student volunteers at a non-profit agency that is traditionally staffed by or uses volunteer workers
- when a student is actively working at a training site as part of an ROP class

Some suggestions for filing out the service box would be:

- duration - # of session 1 - minutes - 30 - frequency - 40 (yearly) or 90 (any other frequency) location 620 (Alternative work education center/ work study facility) or 900 (any other location or facility) trying to keep it as general as possible so service could still be met and including discussion in the notes.
- do an addendum (agreed upon at an IEP meeting that it would be done through an addendum and if your district allows this use of an addendum) when and if the student is placed at a training site with duration still being placed at the minimum.
- or use a more global code (840 - Career Awareness or 890 - Other Transition Service) that covers what the teacher is doing to facilitate the transition plan with a description in the service box and with discussion regarding particulars captured in the notes.

How often do you have to gather current information about the student's

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

goals and visions for their future (MPSGs)?

At least once a year before their annual IEP by conducting an age appropriate transition assessment.

Do you have to refine annual goals, course of study, activities and services if the student's MPSGs changes every year?

Yes

Who and what needs to be included in the IEP when a student turns 16?

- The student!!!
- The student's measurable postsecondary goals.
- The student's transition service needs (course of study).
- A statement of transition service needs that includes a school program and community activities based on the student's level of functioning and future goals and that identifies the end result - Diploma or Certificate of Completion.
- A statement of needed transition services (includes instruction, related services, community experiences, employment and post school adult living objectives, agency linkages and, if appropriate, acquisition of daily living skills and functional vocational assessment).
- Annual Goal(s) that support the measurable postsecondary goals.
- Services that support the annual goals related to transition.

Who needs to be invited to an IEP where Transition will be discussed and what is each participant's role?

First, a word about excusals:

IDEA 2004

- (34 CFR 300.321(e) (1)An IEP team member may be excused from attending the IEP team meeting, in whole or in part, if the parents and LEA agree in writing because the area of curriculum or related service is not being modified or discussed. The agreement must be in writing.
- (34 CFR 300.321(e)(2) An IEP team member may be excused from attending an IEP Team meeting even if their curriculum area or related service area is being discussed by the written agreement and consent of the parent and the LEA. The IEP team member shall submit their input in writing to the team prior to the meeting.

Student

Role: participates, communicates preferences, interests, strengths and needs, and takes part in the IEP development.

(If the student is not in attendance, how were the student's interests and preferences determined?)

300.321(b)(1) Would provide that the child be invited to the IEP meeting if a purpose of the meeting is consideration of the child's postsecondary goals and the transition services needed to achieve those goals.

(2006 IDEA Regulations Comments indicated that if the student is a minor, the parents (unless educational rights have been limited or extinguished) have the authority to determine whether the student should attend the IEP Team meeting(pg.46671) 300.321(b)(2) it is the public agency's obligation to take other steps to ensure that the student's preferences and interests are considered if the child is unable to attend the meeting.

Role: participates, communicates preferences, interests, strengths and needs, and takes part in the IEP development.

Parent/Family

Role: supports the student, reinforces the value of an individual program, and provides information about student's strengths and areas where assistance is needed.

Special Education Teacher

Role: provides information, provides teaching strategies including accommodations and or modifications, suggests course of study related to student's post school goals, identifies related services, provides input into transition service needs, links student and parents with appropriate post-school services and coordinates all people, agencies, services or programs involved in the transition planning process.

General Education Teacher

Role: assists in planning course of study, assists in identifying and providing modifications, adaptations, support and positive behavioral strategies or interventions.

(34 CFR 300.321 - Not less than one regular education teacher of such child (if the child is, or may be, participating in regular education)

Role: support staff, allocate resources and complies with the following requirements:

- Qualified to provide, or supervise the provision of, specially designed instruction to meet the unique needs of children with disabilities.
- Is knowledgeable about the general curriculum and the availability of resources of the LEA.
- Has the authority to commit the LEA to implement the IEP.

LEA may designate another staff member on the IEP team if these criteria are met.

Other Specialists

- A person who can interpret the instructional implications of evaluation results.
- May be one of the team members already listed.

Other Appropriate Agency Personnel

Role: provide information about services, eligibility criteria, explain difference between entitlement of school programs and eligibility of adult services, assist in identifying community or adult services.

Sec. 300.321(b)(3) would require, to the extent appropriate, and with the consent of the parent or a child who has reached the age of majority, that a representative of a participating agency that is likely to be responsible for providing or paying for transition services be invited to the meeting.

What is an agency linkage?

- An outside agency, other than the public agency (usually the school district), that is likely to provide the needed services, and/or support to help facilitate the student's progression to his or her post school goal or vision.
- Required with IDEIA 2004 - A representative from any agency that is likely to be responsible for providing or paying for transition services may be invited to the IEP beginning when the student is 16 or younger if appropriate **with parental consent or consent of adult student.**

COMPREHENSIVE LOCAL PLAN FOR SPECIAL EDUCATION

The Governing Board desires to provide a free appropriate public education to all individuals with disabilities, aged 3 to 21 years, who reside in the district, including children who have been suspended or expelled or placed by the district in a nonpublic, nonsectarian school.

Students shall be referred for special education instruction and services only after the resources of the regular education program have been considered, and where appropriate, utilized. (Education Code 56303)

The special education local plan area (SELPA) shall administer a local plan and administer the allocation of funds. (Education Code 56195)

Districts that participate in a multidistrict SELPA

In order to meet the needs of individuals with disabilities and employ staff with adequate expertise for this purpose, the district participates as a member of the SELPA.

The Superintendent or designee shall extend the district's full cooperation to the SELPA. The policies and procedures of the SELPA shall be applied as policies and regulations of this district, with the exception of those that apply to complaints, unless the SELPA plan specifically authorizes the district to operate under its own policies and regulations.

EDUCATIONAL BENEFIT

Introduction:

The case of Rowley v. Hendrick Hudson School District was the U.S. Supreme Court's first interpretation of what was then called the Education for All Handicapped Children Act (now the Individuals with Disabilities Education Act, "IDEA"). The holdings in the Rowley case have become the standard of analysis for every subsequent special education case arising in the Federal and State courts. Consequently, a working knowledge of the fundamental analysis developed by the Supreme Court justices is important when evaluating any special education matter. The Board of Education v. Rowley 1982, was decisive in our understanding today of the term **educational benefit**. Ultimately after lower court decisions and appeals, the U.S. Supreme Court concluded that the IDEA does not require that States maximize the potential of students with disabilities. The intent of IDEA was more to open the door of public education to handicapped children rather than to guarantee any particular level of education once inside.

The case of Endrew F. Douglas County (2017) re-established the requirements of Rowley but emphasized that the individualized education program must be "reasonably calculated to enable a child to make progress appropriate in light of the child's unique circumstances" and further emphasized the importance of consistent progress monitoring against her/his ability and not that of peers. While Endrew F does not change the standard, it does change how we are looking at and showing progress. There should be a DIRECT link between areas of need identified in present levels of information and goals developed.

Endrew F established an even stronger need to maintain extensive documentation of solid baselines, measureable goals, and progress made in relation to the child's unique circumstances and regularly communicate such progress with parents. Students should make appropriate progress, but schools do not need to provide the "best possible" services. Frequent family communication and collaboration is essential to help families understand their child's needs.

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

FAPE and LRE become our guideposts decided and analyzed individually to ensure the child is receiving a basic floor of opportunity and “educational benefit.”

Free Appropriate Public Education (FAPE) means special education and related services that:

- are provided at public expense
- meet the standards of the State
- include pre-school, elementary or secondary school and education through 22nd birthday
- is provided in conformity with the IEP

FAPE Standard

The Supreme Court established two criteria in determining FAPE

- have the procedures been adequately complied with (compliance) and
- is the IEP reasonably calculated to enable the child to receive **educational benefit**

Core Entitlements for Children with Disabilities

- a right to FAPE
- in the Least Restrictive Environment (LRE)
- as described in the IEP designed to provide “**educational benefit**”

Importance of Educational Benefit

Implicit in the congressional purpose of providing access to a “free appropriate public education” is the requirement that the education to which access is provided be **sufficient to confer some educational benefit upon the disabled child**. It would do little good for Congress to spend millions of dollars in providing access to a public education only to have the disabled child receive no benefit from education.

Rowley Standard

Special educators should take special notice of the Rowley case, as it is still good law and it acts as the blueprint for all cases to follow. **The two Rowley questions emphasizing procedural compliance and the benefits of the IEP should be committed to memory.** Finally, the focus of the decision on what is “appropriate” for special education students should be given special emphasis, especially in light of the social emphasis on “inclusion” in recent years.

IDEA (Individuals with Disabilities Education Improvement Act) of 2004 gave us further conceptual refinements:

- high expectations for all children
- ensuring access to the general education curriculum and standards in the general classroom, to the maximum extent possible

Description:

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

- preparing children with disabilities to lead productive and independent adult lives
- providing effective transition services to promote successful post-school employment or education.

So, while we know and understand the above concepts, it is critical that we analyze what we are doing over time for individual children to truly measure educational benefit. It is not just a snapshot at the time of a single IEP meeting. In a nutshell, analyze what did assessments/present levels say about needs, what goals, supports & services were agreed to in response to identified needs, was the IEP implemented and did the student make progress or gain educational benefit. True analysis looks back through years or the span of time between triennials.

EDUCATIONAL BENEFIT ANALYSIS

In preparation for an annual IEP meeting

Review the following points related to the previous IEP. **Use the worksheet provided in this section of the handbook.**

- 1) What did assessments in all areas of suspected disability and present levels identify as areas of need? Were individual strengths and interests of student in relation to participation and progress in general curriculum described?
- 2) What did the IEP team decide was appropriate in relation to each need?
 - English Learner?
 - Disproportionality?
 - Goals?
 - Services?
 - Accommodations/Modifications/Supplementary Services
 - Special factors (AT, Behavior Support, Low Incidence needs)?
 - Services and supports allowing the student to be educated with typically developing peers and having access to general education curriculum to the maximum extent possible
 - Other?
- 3) Was the IEP implemented appropriately? (were all supports as services provided as written)? Was there a measurable description of the students' response to academic instruction in the areas of identified need?
- 4) Did the child make adequate progress? Are services and supports structured in such a way as to move a student towards his/her levels of independence? Did they receive **educational benefit** from the plan?
- 5) If not, what adjustments need to be made to the IEP contents to respond to

lack of educational benefit? Additional assessment? Adjusted goals? Different services or level of services? Change in location where services are being delivered? (See "Educational Benefit Review Process" chart)

The Educational Benefit Review process is directed toward answering the following questions (see SESR worksheets VR & 2a):

1. Is the Assessment complete and does it identify the student's needs?
2. Does the present level of performance include all of the needs identified in the assessment including behavioral, social, emotional, functional, vocational, special factors, English learner?
3. Are all of the student's educational needs addressed by appropriate goals and objectives?
4. Do the services support the goals and objectives including English learners, where appropriate?
5. Did the student make yearly progress inclusive of grades and standardized test scores?
6. If the student did not make progress, were the goals and objectives changed in the next IEP to assist the student to make progress?
7. If the student did not make progress, were the services changed in the next IEP to assist the student to make progress?
8. Were sufficient services provided to ensure that the student would make progress?
9. **To assess for overall compliance:** Considering the answers to each of the above, was the IEP reasonably calculated to result in educational benefit?

Reasonable Calculation of Educational Benefit

1. The IEP Team identified needs related to:
 - a. The student's ability; and
 - b. Involvement and progress in the general curriculum.
2. Goals and objectives were established in each need area.
3. Services were planned to support:
 - a. Progress toward goals;
 - b. Progress in the general curriculum;
 - c. Participation in extracurricular and other nonacademic activities; and
 - d. Education with other disabled and non-disabled students
4. The IEP Team reviewed the student's progress and adjusted the student's IEP if progress was not made and/or to address anticipated

SELPA San Joaquin County SELPA

Fiscal Year 2020-21

needs.

The question of how to deal with students who are not capable of obtaining passing grades under any circumstances is not clearly answered by the Supreme Court in Rowley. However, the footnotes make reference to the required full continuum of alternative settings and the need for some students to be placed in settings other than the mainstream. It is clear, especially in light of decisional case law subsequent to Rowley, that when a child is placed in a more restrictive setting, the decision must be driven by the unique needs of the student and not by administrative convenience or other factors.

Educational Benefit Analysis Over Time

We should be preparing for every annual review with this analysis. When done over a period of years, you have a comprehensive analysis and rationale for the IEP team recommendations over time. Assuming the IEP is implemented fully and in compliance, you then have a long term record of the success of a carefully planned and implemented special education program for the student. This process provides proof positive of individual educational benefit.

When San Joaquin SELPA districts participate in the state required Special Education Self Review (SESR) conducted periodically, a three year analysis or look back doing this educational benefit analysis is part of the review for several student records. Additionally, when individual districts are selected for State required Verification Reviews which includes CDE participation, the same educational benefit analysis is conducted on student files by CDE.

In Summary

Our programming for students should be analytical, thoughtful and consistently designed based on individual assessed needs and the growth made from one IEP to the next. When you read an IEP you should be able to track threads through the document. Assessment report data should be visible in present levels. Needs should be visible in present levels. Services/supports and goals should be chosen and designed in response to specific, identified needs, and measurable growth should result. The result of this process over time is **EDUCATIONAL BENEFIT**.

SUPPLEMENTATION OF STATE AND FEDERAL FUNDS

Allocation Plan: Revenue and Expenses

State and federal revenues received by San Joaquin County SELPA are equitably allocated to LEAs using the adopted revenue distribution process. The San Joaquin County SELPA funding allocation plan ensures that cost effective services are available for all students within the SELPA. The plan does not create an incentive to place students in special education programs. The plan accommodates growth and decline by individual LEAs and the addition of other special education program providers such as charter schools.

LEAs acknowledge that state and federal revenues shall not cover the total costs of special education services. The prior year use of services and the current year SELPA- wide funding is the basis for budgeting. The plan reflects the actual costs of services used by students in County program. Each LEA is responsible for paying for services provided to their students through their federal, state, and local revenues. Some services, as noted in the allocation plan, are paid for by all LEAs who are a part of the Local Plan.

The SELPA office prepares and distributes state and federal funds according to the San Joaquin County SELPA adopted plan.

IDENTIFICATION AND EVALUATION OF INDIVIDUALS FOR SPECIAL EDUCATION

Note: Education Code 56300 and 34 CFR 300.111 require each district, Special Education Local Plan Area (SELPA), or county office of education to actively seek out all residents from birth to age 21 (not "through" age 21) who have disabilities as defined by Education Code 56026. The district, SELPA, or county office is also required to include a "child find" process to identify children with disabilities placed by their parents/ guardians in private schools. See San Joaquin County Office of Education Policy - Students with Disabilities Enrolled by Their Parents in Private Schools.

Note: Identification, evaluation, assessment, and instructional planning procedures for children younger than age three must conform with Education Code 56425-56432 and the California Early Intervention Services Act (Government Code 95000-95029). The California Department of Education and

Local education agencies are responsible for providing early intervention services to infants and toddlers who have visual, hearing, or severe orthopedic impairment; the Department of Developmental Services and its regional centers must provide services to all other eligible children in this age group. The law also requires regional centers and local education agencies to coordinate family service plans for infants and toddlers and their families. Education Code 56441.11 sets forth eligibility criteria for preschool children ages three to five.

The Governing Board recognizes the need to actively seek out and evaluate district residents from birth through age 21 who have disabilities in order to provide them with appropriate educational opportunities in accordance with state and federal law.

Note: Education Code 56301 mandates that districts, SELPAs, or county offices have policies and procedures for a continuous "child find" system which addresses the relationships among identification, screening, referral, evaluation, planning, implementation, review, and triennial assessment.

Note: Pursuant to Education Code 56302.5, the term "assessment" as used in state law has the same meaning as "evaluation" provided in 20 USC 1414, the federal Individuals with Disabilities Education Act (IDEA) and accompanying federal regulations. The following policy and administrative regulation use the phrase interchangeably.

The Superintendent or designee shall develop processes to determine when an individual is eligible for special education services and shall establish systematic procedures for special education program identification, screening, referral, assessment, planning, implementation, review, and triennial assessment, (Education Code 56301) as well as procedures for the planning, implementation and review of the education and related services provided to such individuals. The district's process shall prevent the inappropriate disproportionate representation by race and ethnicity of students with disabilities.

The Superintendent or designee shall establish a method whereby parents/guardians, teachers, appropriate professionals, and others may refer an individual for assessment for special education services. Identification procedures shall be coordinated with school site procedures for referral of students with needs that cannot be met with modifications to the regular instructional program. (Education Code 56302)

Description:

The Superintendent or designee shall notify parents/guardians in writing of their rights related to identification, referral, assessment, instructional planning, implementation, and review, including the district's procedures for initiating a referral for assessment to identify individuals who need special

6. The obligation to make FAPE available extends to those otherwise-eligible adults in county jail, age 18 to 21, who: (a) had been identified as a child with a disability and had received services in accordance with an IEP, but left school prior to their incarceration; or (b) did not have an IEP in their last educational setting, but had actually been identified as a child with a disability.
(*EC* Section 56040)

It is the responsibility of the district of residence (DOR) to provide special education services and related services to an adult student in county jail who remains eligible for these services and wishes to receive them. The DOR is the district in which the student's parents resided when the student turned 18, unless and until the parents move to a new DOR. For conserved students, the DOR is based on the residence of the conservator. (*EC* Section 56041)
